iPad, iPod, and iPhone and Overdrive eBooks

Apple products use an app to search for, download and read/listen to compatible eBooks and eAudiobooks. The Overdrive Media Console app is available through the App Store icon.

Go to the App Store on your device and enter the search term: overdrive and chose "Overdrive Media Console – Library eBooks and eAudiobooks.

Chose the version compatible with your device and Install.

App installed.

If you chose an eAudiobook, please note that they usually are much larger files than eBooks and may be split up into multiple parts. Downloading using a WiFi connection may be required to complete download.

eAudiobook fully downloaded. Touch cover or title to play.

Return to Bookshelf

Description of book

Downloading an eBook works the same way, but most likely will be only 1 file and smaller therefore will not take as long as an eAudiobook to download. Click on Download button and Overdrive app opens and automatically downloads eBook.

Recent Title Expiration

Title downloaded and ready to read. To read, click on the cover or title.

A ENTRY OF THE OTHER OTHER OF THE OTHER O

Book cover.

The arrow will give a description of the plot.

"Do they discuss her at the clubs? How shabby!" his sister exclaimed, with a tsk of annoyance. Lady Withers was an enemy to shabbiness—physical, mental, moral and most particularly social. She was every bit as elegant as her brother in her toilette, and somewhat more pretty.

Touch right side of screen to turn a page, left to go back.

## Recent Title Expiration

To delete a eBook or eAudiobook title, press Edit on Overdrive app main screen then the red circle next to title to delete. Press Delete.

Recent Title Expiration

Return and Delete will remove the item from "My Items Out" on Overdrive's website. Delete without Returning only deletes the title from app, not from "My Items Out" so title may be downloaded again.

More titles may be deleted.

Press Done when finished deleting title(s).
